

## Nigro's Auto Body Repair Incorporated Launches Mobile Phone App to Help Consumers with Car Accidents and Emergencies

***Nigro's Auto Body Accident Assistance™ App is Now Available as a Free Download for iPhones, Android, BlackBerry, Windows, and Palm Smart Phones***

Nigro's Auto Body Repair Incorporated announced today that they are the first auto body shop in Philadelphia to offer consumers **Nigro's Auto Body Accident Assistance™** a **FREE**, patent-pending **car accident and emergency assistant** phone app that provides consumers with instant access to everything they need if they are ever involved in a car accident or driving emergency.

According to Domenico Nigro, owner of Nigro's Auto Body Repair Incorporated, consumers can now download the **Nigro's Auto Body Accident Assistance™** app from their favorite app store. If a consumer is involved in an accident or road emergency the **Nigro's Auto Body Accident Assistance** phone app, with a single press of a finger, can automatically connect the driver or passenger with up to 3 family members or friends, Nigro's Auto Body Repair, as well as their insurance company and insurance agent. It will even send Nigro's Auto Body Repair Incorporated and their towing company a map and directions to the scene an accident or road emergency!

Because of its patent-pending GPS location technology, **Nigro's Auto Body Accident Assistance** makes it easy for consumers to locate and contact the closest **Police** department, **Ambulance** service, **Hospital**, **Towing** Company, **Rental Car** Company, or Nigro's auto body shop. **Nigro's Auto Body Accident Assistance™** also provides important information such as what to do is a consumer is involved in an accident, what to look for in a quality auto body shop, and what a consumer's rights are after they have been involved in an accident.

**Nigro's Auto Body Accident Assistance™** even offers the consumer the ability to fill in an **Accident Report** and use the smart phone's camera to take photos at the scene of the accident. The user can then send the accident report to their insurance company and body shop! **Nigro's Auto Body Accident Assistance™** also makes it easy for consumers to identify quality body shops with its "thumbs up or down" shop review system.

Domenico Nigro, owner of Nigro's Auto Body Repair Incorporated commented, "**Nigro's Auto Body Accident Assistance™** is the most powerful **car accident and emergency assistant** phone app available for a consumer's smart phone! It provides just as much, if not more, emergency car accident information and capabilities than those found in much more expensive systems that are pre-installed as high priced options on new and used cars and it is **FREE!** Now every smart phone user in Mobile will have access to the most powerful, personal and affordable **car accident and emergency assistant** phone app available today."
